State Line Road Not Dead.

A big coal deal, in which several thou-

sands acres of coal land in the eastern

part of Washington county is involved,

says the Wheeling Herald, is about to be

consummated, the first payment

having been made on some of the op-

tions. The buyers are eastern capital-

ists, and the price paid is \$20 per acre,

considerably less than good coal land in

the vicinity of the Ohio river brings.

This sale revives the talk of new rail-

roads through that section, and may

possibly have some bearing on the

State Line project, which is not entire-
ly dead, as many suppose.

The Bazaar Auction.

The bazaar which has been in progress

in the I. O. O. F. hall this week for the

benefit of the City hospital, closed last

night. The attendance on the closing

night was equal to that on any former

evening. The feature of the night was

the sale by auction of the materials left

unsold during the week. Mr. R. C.

Haase was the auctioneer, and this was

a very amusing wind-up of the series of

entertainments, which will not a good

round sum for the hospital.

One of the unexpected as well as one

of the most pleasing features of the

City Hospital bazaar was the piano

playing of Mr. Ed M. Parrish, of Balti-
more, who chanced to be in the cityand who has gained considerable promi-
nence from his performance on that

instrument. One evening an impromptu

concert was arranged and upon

another quite a delightful little dance

took place in the dining room, Mr.

Parrish kindly making the instrumental

music for both.

Lane Seminary Committee.

Dr. Cunningham returned last even-

ing from Cincinnati, O., where the gen-
eral assembly committee, of which hewas chairman, had a meeting and con-
ference with the trustees of the semi-

nary in regard to some misunderstand-

ings which had grown up among the

friends of the institution. The other

members of the committee were Drs.

Charles A. Dickey, of Philadelphia, and

G. W. T. Brech, of New York, and two

ruling elders, George E. Sterry, of New

York, and E. L. Perkins, of Cleveland,

Ohio. The committee concluded its

work yesterday evening at the Barnet

House, after an all-day session, which

was attended by nearly every member

of the board of trustees. The investiga-

tion was thorough and the conference

successful. The report of the commit-

tee will be made to the next general as-

sembly, which will meet in May, 1895,

in Pittsburgh, Pa.

MANY OFFICIALS

Of the Wheeling & Lake Erie Road
Are in the City To-day.

THE LINE IS BEING HEAVILY TAXED

To Handle the Business Now Being
Offered, Especially Coal—An Official
Talks of the Advantages of the Ac-
quisition of the Valley Road—The
Renowned, Extension of the Line to
Connellsville.

Last evening a large party of officials
of the Wheeling & Lake Erie Railroad
Company arrived in the city in General
Superintendent Wilson's car. The
party took supper at the McLoire. After
looking around the local properties of
the Lake Erie this morning the party
will proceed up the river division to
Steubenville. The party is composed of
the following officials:

C. A. Wilson, of Toledo, general su-
perintendent; H. J. Booth, of Toledo,
general freight agent; J. M. Hall, of To-
ledo, general passenger agent; W. H.
Vance, of Toledo, coal traffic agent; F.
J. Stout, of Massillon, superintendent
of transportation; J. F. Townsend, as-
sistant general freight agent; G. R. Gib-
son, of Massillon; W. H. Stark, of To-
ledo; C. A. Shackford, of Toledo.

Late last night General Superinten-
dent Wilson was seen by an INTELLI-
GENCER reporter. He said the party of
officials had been out on the line of the
road for two days and that their visit
here had no special significance, its
purpose being mainly to come into
touch with the large shippers of the
road and to inspect the line. Mr. Wilson
said that the road is now enjoying a
heavy traffic, especially in coal.

When asked as to the proposed join-
ing of the Valley road with the Wheel-
ing & Lake Erie, Mr. Wilson said that
the advantages of the combination are
quite apparent. The principal ad-
vantage will be an independent en-
trance for the Wheeling & Lake Erie
into Cleveland, something that the
road has long desired. When the
Valley is acquired the Wheeling &
Lake Erie will have the shortest line
from the Ohio river to the lake, the
distance from Wheeling to Cleveland,
via the Valley, being only 141 miles.

When asked as to the rumored inten-
tion of the Wheeling & Lake Erie road
to extend its line into the Connellsville
coke region, Mr. Wilson said that he
knew nothing about such an intention
and that the visit of the officials had
nothing to do with that.

Good Meetings at the Y. M. C. A.

The past few weeks the men's meet-
ings at the Young Men's Christian As-
sociation have been unusually interest-
ing, and the attendance has been very
good. To-morrow another attractive
series will be held. At 4 o'clock Rev.
Robert S. Barrett, D. D., will address the
meeting. Rev. Barrett is the general
missioner of the Protestant Episcopal
church, who is conducting special ser-
vices at the St. Andrew's Mission. All
men are invited to attend the meeting
at the association building to-morrow
afternoon.
